The amount Stefan **Halper** was paid by the FBI for setting up Carter Page is redacted. Funny that. The FBI payments are in addition to the sums paid to him by the **Pentagon** (\$700,000) and whatever Fusion GPS paid him. Lucrative gig this informing lark.

Wow former CIA analyst says Brennan task force was set up in late summer/early autumn 2015. That's exactly when **Pentagon** contracts **Halper** to manufacture dirt on [@GenFlynn](#) using CIA slush fund. Flynn is meeting Trump throughout summer 2015 with a view to help him to win.

Brennan was mistaken in citing "early 2015" as the date it was started. I have now learned that Brennan's Task Force began in the late summer/early fall of 2015. It is worth noting that the Washington Post, not exactly a pro-Trump outlet, also reported that Brennan had a secret task force comprised of CIA, FBI and NSA personnel. The Post simply failed to provide a date when the Task Force started operating:

For those pushing "Russian Disinformation" by **Halper** through Steele, ask yourself the question, when did **Halper** become a "Russian asset"? 2008? 2009? 20010? 2011? 20016?
Halper was a paid informer for the FBI since 2008 (IG report) and was paid by the **Pentagon** since 2011.
